[Donate](#)

At Horizon, we are committed to providing the best possible early education and learning opportunities for our students. We strive to create a nurturing and engaging environment that fosters curiosity and a sense of community for our students. Everything from our parent programs based on the theme & time of year, early learning curriculum, art class, physical education and field trips are designed to help students explore new ideas and interests, stimulate creativity and build meaningful relationships with staff and classmates.

To help us execute our program, we rely on fundraising to support various school-related activities. This year we are using funds raised to update playground equipment like a new playhouse, classroom needs, projector system and sound system for future parent programs for many years to come.

Any contribution, no matter the size, will be greatly appreciated and put to good use. Thank you in advance for considering a donation to Horizon and for committing to helping us create a bright future for our students.

GIVING TUESDAY
